

Reflections on Psalm 132

WALK WITH ME LORD!

(A prayer requesting God's nearness)

*There is a little altar, deep within my heart
Reserved just for you Lord, separate, and set apart*

*To walk each day with you, dear God, is my desire and humble plea
For directing my steps through Your word, and drawing me closer to thee*

*Help me remember that You are in charge of every day
Showing me each step of my journey, and making straight the way*

*Help me overcome darkness as I walk in Your favor and light
Knowing the plan for my life, is never far away, and always in Your sight*

*Fill my mind with ever present, loving and grateful thoughts of You
With assurance Your plan to prosper me, will surely, always come true*

*Teach me to trust Your will and control in everything I meet
And know, You will turn the hard to easy, and bitter things to sweet*

*Help me hear the music of life playing joyfully in my head
And dance with You the song of victory down every path I tread*

*Let me sit at Your table, where the word of God is spread
With the knowledge, it is through Your love, that I am forever fed*

*Remind me to daily lift up my voice in grateful prayer to You
Until Your mission is accomplished, and my journey on earth is through*

*Help me always to realize that sacred idleness is not loss
Instead, that simply being still, is sitting at the foot of the cross*

*Jerusalem! Oh, Jerusalem! City of salvation, light and love
Because of the cross, my final destination is with ,You, in heaven above*
